Students taking the SAT at Batesville in August, here are some changes you need to be aware of due to COVID-19:

- Students will be required to "check-in" before entering the building. This will require each student to "affirmatively agree" to the 5 statements regarding COVID-19 safety measures.

- Students are required by BCSC and by the College Board to wear a mask or face covering at all times, once entering the building. Masks/face coverings will NOT be provided. Students MUST bring their own.

- Students should bring their OWN testing materials. The following items will NOT be provided as they have in the past: pencils, pens, calculators.

- Please remind your students to bring their SAT Admission Ticket & a valid photo I.D.
